## **Royalworth Inc., Life-Time Canine Warranty**

BREEDER warrants that to the best of BREEDER's knowledge, CANINE is in good health unless otherwise stipulated under "Health Exclusions" below. HOWEVER, should CANINE succumb to a terminal genetic disease, as certified by a licensed veterinarian, then BUYER shall be eligible to apply for remedy as stipulated herein under the section, "HEALTH WARRANTY TERMS OF AWARD".

BUYER agrees that no other remedy will be due to BUYER except what has been explicitly stated herein, and that endemic in the purchase of a pet, there is some risk and expected veterinary expense. In any event, BUYER agrees that BREEDER has no responsibility for any veterinary OR other expense that BUYER incurs in relation to CANINE.

BUYER agrees that ALL of BREEDER'S responsibility and warranty is VOID *if* BUYER fails to take CANINE for a physical exam with a licensed veterinarian within three (3) business days of receiving CANINE. (Please Note: This first veterinary exam is a customary and usual requirement and corresponds to many state's Pet Lemon Laws. Thus, it is a vital part of protecting yourself and your investment in your new pet! Please make this happen!)

BUYER agrees that any condition that is minor, correctable, or is a condition CANINE will likely out-grow, or is non-genetic or non-terminal in nature, is NOT covered by BREEDER'S HEALTH WARRANTY.

BUYER agrees that BREEDER is NOT liable for any contagious illness that affects CANINE after CANINE has been in BUYER's care for three (3) OR more days. (Please Note: We strongly advise that you do not take CANINE to areas frequented by other animals like pet supply stores, pet parks, training, play and/or boarding facilities, etc., until all of CANINE's preventative immunizations have been completed plus an additional three (3) weeks of time has passed, AND CANINE is generally healthy and unstressed. Contagious illness is still the foremost reason for puppy death and pathogens can even be carried into your home by shoes. This may include carrying your pet when in public areas, especially at your veterinarian's, or any area that may be frequented by sick or unimmunized animals as these may pose a serious risk to your pet. If you have any questions, please ask your veterinarian for further information.)

BUYER agrees that the HEALTH WARRANTY and remedies herein REQUIRE that BUYER perform the duties and care also stipulated herein AND that should CANINE succumb to a terminal genetic illness, BUYER must supply BREEDER with a notarized veterinary diagnosis of CANINE's condition BEFORE the remedies defined herein may be exercised. Moreover, BREEDER reserves the right to require a second opinion of CANINE's condition at BREEDER's expense within four (4) weeks of receiving a notarized veterinary diagnosis from BUYER before the remedies herein may be exercised.

ADDITIONALLY, BUYER agrees that BUYER will notify BREEDER in writing of any diagnosis upon which BUYER will claim, or want to make a claim, under BREEDER'S HEALTH WARRANTY within thirty ( 30 ) calendar days of the initial veterinary diagnosis. BUYER acknowledges that failure to notify BREEDER within the thirty ( 30 ) calendar days will permanently void BUYER'S right to make any claim under BREEDER'S HEALTH WARRANTY for CANINE.

ADDITIONALLY, BUYER acknowledges that BREEDER may not immediately have a canine available for BUYER should a HEALTH WARRANTY credit be issued, but BREEDER agrees to make a good-faith effort to provide a canine pleasing to BUYER as soon as possible. In the event that BREEDER, or BREEDER'S KENNEL is retired, closed or is otherwise not producing dogs, BUYER agrees that BREEDER has no liability and that BREEDER'S HEALTH WARRANTY shall be deemed void.

#### A. HEALTH EXCLUSIIONS

CANINE comes to you with the following health exclusions. This means that health issues related to anything listed under "Excluded Conditions From Health Warranty:" below, are not covered under BREEDER's WARRANTY. HOWEVER, should CANINE not be awarded a HEALTH CERTIFICATE, AND/OR if BREEDER's VETERINARAN makes a notation of health issues on CANINE's HEALTH CERTIFICATE beyond, or in addition to, what is stated below, both BUYER and BREEDER have a three ( 3 ) day right of cancellation without any penalty AND any monies paid to BREEDER will be refunded to BUYER in a timely manner.

#### EXCLUDED CONDITIONS FROM HEALTH WARRANTY:

#### B. HEALTH WARRANTY TERMS OF AWARD:

## STANARD WARRANTY DETAILS

BREEDER's STANDARD WARRANTY provides a pro-rated credit if CANINE is diagnosed with a terminal genetic illness not stipulated under "Excluded Conditions from Health Warranty" herein. This term is based upon the age of the dog as we place many dogs whose lifespan would not predictably continue a decade or more beyond their placement. This credit IS NOT AWARDED AS CASH but may be used toward the purchase of any available canine in our kennel. (Please see the credit amount under, "STANDARD WARRANTY PRO-RATION CREDIT SCHEDULE", herein.) The percentage of the awarded credit is based upon CANINE's date of birth, the combined deposit and balance paid for CANINE, less a veterinary expense of Three hundred dollars (\$300.00), and CANINE's age at the time of diagnosis as determined by a notarized, dated letter from a licensed veterinarian certifying a terminal genetic diagnosis of CANINE.

### Standard Warranty Pro-Ration Credit Schedule:

Age of CANINE:	Percentage Awarded as Credit toward an Available Dog within our Kennel:
Birth – the day before their first birthday	100%
First birthday to the day before their second birthday	90%
Second birthday to the day before their third birthday	80%
Third birthday to the day before their forth birthday	70%
Forth birthday to the day before their fifth birthday	60%
Fifth birthday to the day before their sixth birthday	50%

\$ 750.00 was paid as a deposit;

\$ 425.00 was paid for travel;

\$ 2,250.00 was the balance price for the canine;

Sadly, the example canine was diagnosed with a terminal genetic disease just after his second birthday, and while much beloved by the owner, the owner is electing to send CANINE back to BREEDER for care, and we are providing the owner with a credit toward any available canine within our kennel. In the example above the credit awarded to BUYER would work out like this...

BUYER would have a \$ 2,100.00 credit toward the available canine of BUYER's choice.

**EXTENDED WARRANTY DETAILS**

If BUYER can provide demonstration of consistently meeting the terms as listed herein under the section titled, "TERMS OF EXTENDED WARRANTY", then BREEDER's EXTENDED WARRANTY shall automatically apply.

Additionally, like BREEDER's STANDARD WARRANTY, BREEDER's EXTENDED WARRANTY is based upon the age of the dog and allows for a credit that may be used toward the purchase of any available canine in BREEDER's kennel. (Please see the credit amount under, "EXTENDED WARRANTY PRO-RATION CREDIT SCHEDULE", herein.) The percentage of the awarded credit is based upon CANINE's date of birth, the combined deposit and balance paid for CANINE, less a veterinary expense of Three hundred dollars \$ 300.00), and CANINE's age at the time of diagnosis as determined by a notarized, dated letter from a licensed veterinarian certifying a terminal genetic diagnosis of CANINE.
